

Product Code . JL-TOMLE-10016

## Dead Weight Pressure Gauge Tester

### Description

---

Dead Weight Pressure Gauge Tester

#### Description:-

Dead weight Pressure Gauge Tester is manufactured to measure the Pressure gauge up to the capacity of 25kg/cm<sup>2</sup>.

The system is nickled chrome to protect from rust.

The weights are Zink Iron for long term use.

#### Experiments:-

Study of the hydrostatic force on a plane surface under different submerged conditions.

#### Features:-

Superb Painted structure

Simple to operate & maintain

#### Utilities Required:-

Machine Oil.

#### Specification:-

---

Bourdon tube pressure gauge as manometer.

Manometer with transparent scale.

Manufactured from corrosion resistant materials.

Components arranged on base plate.

Set of weights

**Medium for transmitting pressure:-** Hydraulic
