Tractor Actual Cut Section

Description

Tractor Actual Cut Section (Motorised)

The model will be supplied with key card & very interesting literature regarding working of the tractor.

All the parts of a actual tractor are cut section to demonstrate the working of internal parts.

It is specially made dissectible for demonstration purposes.

This actual cut section model is painted beautifully with different colours combinations.

This model helps the student to understand the working of the Tractor very easily.

In this model the working of tractor is demonstrated with the help of actual parts assembled on an iron frame.
