

Product Code . JL-PET-10182

Basic Electronics Trainer Kit

Description

Basic Electronics Trainer Kit

16 TTL/CMOS Logic Level Inputs Switches, 16 LED Indicator for output.

On board Dual Logic Pulser, Logic Probe, Two nos. of Hex Seven Segment Display

On board 1660 tie points bread board, 2 numbers of seven segment display.

Provides 200Khz Sine, Square and Triangular generator, Fixed Clock generation

On board LED BAR graph, 2 numbers of Potentiometer, Buzzer, 12V SPDT Relay.

On board DPM (4 no) provided with mode selection: DC volt/current.

In built fixed DC Power Supply:- +5V, $\pm 12V$, Variable DC Power supply of 0 to +15V, 0 to -15V & 0 to 30V, AC Power Supply of 15V-0-15V.

Basic Electronics Trainer Kit Manufacturer India, Basic Electronics Trainer Kit Exporters, Electronics Instruments Basic Electronics Trainer Kit, Basic Electronics Trainer Kit Suppliers, Buy Basic Electronics Trainer Kit, Buy Basic Electronics Trainer Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
