

Product Code . JL-PET-10183

Electrical and Electronics Trainer Kit

Description

Electrical and Electronics Trainer Kit

16 TTL/CMOS Logic Level Inputs Switches, 16 LED Indicator for output.

On board Dual Logic Pulser, Logic Probe, Two nos. of BCD Seven Segment Display.

On board 1660 tie points bread board, 6 numbers of potentiometer.

Provides 200Khz Sine, Square and Triangular generator, Fixed Clock generation.

On board DPM (4 no) provided with mode selection: DC volt/current.

In built fixed DC Power Supply:- +5V, $\pm 15V$, Variable DC Power supply of 0 to +30V, 0 to -30V, AC Power Supply of 0-10-15V-20-30V.

Electrical and Electronics Trainer Kit Manufacturer India, Electrical and Electronics Trainer Kit Exporters, Electronics Instruments Electrical and Electronics Trainer Kit, Electrical and Electronics Trainer Kit Suppliers, Buy Electrical and Electronics Trainer Kit, Buy Electrical and Electronics Trainer Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
