**Product Code . JL-PET-10190**

Embedded Board

Description

Embedded Board

CPU:- Philips 89C61X2 Microcontroller.

ISP Programming facility.

On-board interface like 8 I/P switches, 8 Led output, 16x2 LCD display, 4 digit 7-segment display, I2C like 24c512, 8 bit ADC & DAC, Temperature sensor.

24 I/O Lines Provided on a 26 pin FRC Connector for external interface.

In-built Power supply of +/- 12V, +5V.

Embedded Board Manufacturer India, Embedded Board Exporters, Electronics Instruments Embedded Board, Embedded Board Suppliers, Buy Embedded Board, Buy Embedded Board Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
