

Product Code . JL-PET-10191

FPGA Development Board

Description

FPGA Development Board

8 Toggle Input Switch, 16 DIP Switches and 16 output with LED indication.

Onboard 6 Digit Seven Segment display, 16x1 LCD and 4x4 Matrix Keyboard.

On board Relay, 8 bit ADC, 8 Bit DAC, Matrix Led, Stepper Motor, LM35.

On-board ISP Programmer for Piggy Bag Modules.

Clock generator generating 20MHz, 10MHz, 1MHz, 100 KHz, 1Khz & 1 Hz.

In-Built Power Supply of +5V/1.5A, ± 12 V/250mA.

FPGA Development Board Manufacturer India, FPGA Development Board Exporters, Electronics Instruments FPGA Development Board, FPGA Development Board Suppliers, Buy FPGA Development Board, Buy FPGA Development Board Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
