

Product Code . JL-PET-10195

ASK Modulation and Demodulation Kit

Description

ASK Modulation and Demodulation Kit

Programmable Cyclic 8-bit Word Generator.

Sine waveform output maximum up to 30 KHz.

ASK -modulator circuit using.

ASK -Demodulator using.

Eight LED display to verify the input data.

ASK Modulation and Demodulation Kit Manufacturer India, ASK Modulation and Demodulation Kit Exporters, Electronics Instruments ASK Modulation and Demodulation Kit, ASK Modulation and Demodulation Kit Suppliers, Buy ASK Modulation and Demodulation Kit, Buy ASK Modulation and Demodulation Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
