

Product Code . JL-PET-10202

## TDM Modulation and Demodulation Kit

### Description

---

TDM Modulation and Demodulation Kit

Provides Dual Sine waveform output of 125 Hz & 200 Hz with variable Amplitude.

Sampling Frequency generation TTL output of 40 KHz.

Two channel multiplexing and de-multiplexing.

TDM -modulator circuit.

On-board 4th order Low pass filter with cut-off frequency of 3.4khz.

**TDM Modulation and Demodulation Kit Manufacturer India, TDM Modulation and Demodulation Kit Exporters, Electronics Instruments TDM Modulation and Demodulation Kit, TDM Modulation and Demodulation Kit Suppliers, Buy TDM Modulation and Demodulation Kit, Buy TDM Modulation and Demodulation Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.**
