

Product Code . JL-PET-10206

FM Transmitter and Receiver Kit

Description

FM Transmitter and Receiver Kit

Internal 300Hz to 3.4KHz Sinewave generator.

FM Modulation using VCO Modulator, Reactance Modulator & Varactor Modulator.

Transmitter Frequency to 455 KHz.

FM Demodulator using Detuned Resonant detector, Quadrature detector, Fooster Seeley detector, Ratio detector & PLL detector-1, PLL detector-2.

Low Pass filter with cut off frequency of 3.4KHz.

Transmitter and Receiver Kit Manufacturer India, Transmitter and Receiver Kit Exporters, Electronics Instruments Transmitter and Receiver Kit, Transmitter and Receiver Kit Suppliers, Buy Transmitter and Receiver Kit, Buy Transmitter and Receiver Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
