

Product Code . JL-PET-10216

Line Coddng and Decoding Kit

Description

Line Coddng and Decoding Kit

8 bit variable NRZ-L pattern Data Simulator using 8 way DIP Switch.

Data Format (Coding) using NRZ(Level), NRZ(Mark), NRZ(Space), Biphasse (Manchester), Biphasse (Mark), Biphasse (Space), URZ, AMI.

On-board features of Uni-polar to Bipolar conversion, Bipolar to Uni-polar conversion.

Data Format (De-Coding) using NRZ(Level), NRZ(Mark), NRZ(Space), Bi-phase (Manchester), Bi-phase (Mark), Bi-phase (Space), URZ, AMI.

On-board features Receiver Clock generated using PLL.

Line Coddng and Decoding Kit Manufacturer India, Line Coddng and Decoding Kit Exporters, Electronics Instruments Line Coddng and Decoding Kit, Line Coddng and Decoding Kit Suppliers, Buy Line Coddng and Decoding Kit, Buy Line Coddng and Decoding Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
