

Product Code . JL-PET-10225

Microwave Components System

Description

Microwave Components System

A Klystron Based Microwave Bench Setup consist of Instruments are Klystron based Power supply, VSWR Meter, Components are Cooling Fan, Detector Mount, Fixed Short, D.R.F. Meter, Isolator, Klystron Mount, Matched Termination, Movable Short, S S Tuner, Slotted Section, Tunable Probe, Variable Attenuator 20 dB.

B GUN Based Microwave Bench Setup consist of Instruments are GUN based Power supply, VSWR Meter. Components are Cooling Fan, Detector Mount, Fixed Short, D.R.F. Meter, Isolator, Gunn Oscillator, Matched Termination, Movable Short, S S Tuner, Pin Modulator, Slotted Section, Tunable Probe, Variable Attenuator 20 dB.

Microwave Components System Manufacturer India, Microwave Components System Exporters, Electronics Instruments Microwave Components System, Microwave Components System Suppliers, Buy Microwave Components System, Buy Microwave Components System Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
