

Description

Laser Fiber Optic Trainer

Provided with 1Hz. To 10 KHz sine wave generator with amplitude adjustable & Square Wave(TTL) generator.

One Laser Fiber Optics LED having peak wavelength of emission 660nm Transmitter, One Fiber Optic photo detector Receiver.

On board Analog & Digital Drivers, AC Amplifiers, Comparator.

On board 4th order Butterworth 3.4 KHz cut-off frequency.

On board Serial PC to PC link using 9 Pin D-type connector.

Laser Fiber Optic Trainer Manufacturer India, Laser Fiber Optic Trainer Exporters, Electronics Instruments Laser Fiber Optic Trainer, Laser Fiber Optic Trainer Suppliers, Buy Laser Fiber Optic Trainer, Buy Laser Fiber Optic Trainer Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
