

Product Code . JL-PET-10233

Pressure Measurement Kit

Description

Pressure Measurement Kit

Resistive Pressure Transducer with Pressure of 0-300mm hg / 6psi.

Primary Excitation voltage of 5V DC on board provided.

On-board 4 1/2 Digital Panel Meter provided using AD7135.

Pressure generation and Monitor using a Pressure gauge.

Onboard Instrumentation Amplifier provided.

Pressure Measurement Kit Manufacturer India, Pressure Measurement Kit Exporters, Electronics Instruments Pressure Measurement Kit, Pressure Measurement Kit Suppliers, Buy Pressure Measurement Kit, Buy Pressure Measurement Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
