

Product Code . JL-PET-10237

Displacement Measurement Using LVDT Trainer Kit

Description

Displacement Measurement Using LVDT Trainer Kit

LVDT Transducer with transparent enclosure having Displacement of $\pm 5\text{mm}$.

Primary Excitation voltage of Sine wave 1V p-p.

On-board Digital Panel Meter provided.

Screw Gauge for reference displacement reading.

On board 1KHz Sine wave generator for excitation.

On board Instrumentation Amplifier provided.

Displacement Measurement Using LVDT Trainer Kit Manufacturer India, Displacement Measurement Using LVDT Trainer Kit Exporters, Electronics Instruments Displacement Measurement Using LVDT Trainer Kit, Displacement Measurement Using LVDT Trainer Kit Suppliers, Buy Displacement Measurement Using LVDT Trainer Kit, Buy Displacement Measurement Using LVDT Trainer Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
