

Product Code . JL-PET-10242

## Angular Displacement Kit

### Description

---

Angular Displacement Kit

Resistive Transducer using multi turn potentiometer to measure Angle from 0° to 360°.

Protractor for angle measurement.

Onboard Instrumentation Amplifier provided.

**Angular Displacement Kit Manufacturer India, Angular Displacement Kit Exporters, Electronics Instruments Angular Displacement Kit, Angular Displacement Kit Suppliers, Buy Angular Displacement Kit, Buy Angular Displacement Kit Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.**
