

Product Code . JL-PET-10249

Optical Light Intensity Trainer

Description

Optical Light Intensity Trainer

Light Sensor like Photoconductive Cell, Photovoltaic Cell, Phototransistor, PIN Photodiode.

On board Filament Lamp Light Source.

Signal Conditioning Circuitry : Power Amplifier, Current Amplifier, DC Amplifier, Comparator, Electronic Switch, Buffer.

On board

Rotary, Slide Potentiometers, Relay & LED circuits provided.

Optical Light Intensity Trainer Manufacturer India, Optical Light Intensity Trainer Exporters, Electronics Instruments Optical Light Intensity Trainer, Optical Light Intensity Trainer Suppliers, Buy Optical Light Intensity Trainer, Buy Optical Light Intensity Trainer Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.
