

Product Code . JL-FOT-10287

Pressure Measurement Apparatus

Description

Pressure Measurement Apparatus

½ H.P. pump to circulate water through the piping.

MS powder coated Sump tank of 1000 mm x 300 mm x 400 mm capacity.

MS powder coated Measuring tank of 300 mm x 300 mm x 500 mm height.

Pressure gauge, Vacuum gauge, U-tube manometer 300 mm height.

Differential manometer 300 mm, 45°C, Single tube manometer.

Pressure Measurement Apparatus Manufacturer India, Pressure Measurement Apparatus Exporters, Electronics Instruments Pressure Measurement Apparatus, Pressure Measurement Apparatus Suppliers, Buy Pressure Measurement Apparatus, Buy Pressure Measurement Apparatus Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer { "@context": "http://schema.org/", "@type": "Product", "name": "Pressure Measurement Apparatus", "image": "https://www.jlabexport.com/images/catalog/product/678921848pressure-measurement-apparatus.jpg", "description": "½ H.P. pump to circulate water through the piping.
