

Description

Three Phase Transformer 3Kva 440Vac Air Cooled

Technical Specifications:-

Capacity:- 3 phase, 3 KVA, 440 / 230 Volts, 50 Hz

Delta - star connection

Shell type - Oil cooled

Totally enclosed, maximum ambient temp 45° C

Insulation Class 'B'

Tapping on Secondary Side 50% and 86.6%

Copper Wound

Educational type Backelite insulated banana terminals 30 Amp.

With colour code provided on the top of the transformer and on 6mm backelite sheet.

The tank will be provided oil filling Hole with cap, oil level indicator, drain plug and earthing terminal.

Plain unidirectional M.S. Roller will be fitted to the tank for movement.

Electrical performance would confirm.

The transformer provided with transformer oil.

The oil confirm to (The tendered quote the grade and quantity in liters required).
