

Product Code . JL-SCD-1083

Voltage Stabilization Characteristics of Zener Diode

Description

Voltage Stabilization Characteristics of Zener Diode

- To study Input Voltage, Output Voltage Char. & Output Voltage, Load Characteristics.
- Instrument consists of DC Power Supply, two round meters to measure input voltage & output voltage, one Zener Diode mounted on panel & connections brought out at terminals.
- Dimension 10"x8"x4".

Contact JLab Export for your Educational School Science Lab Equipments. We are best m school science lab equipment suppliers in india, school science lab equipments exporter, school science lab equipments manufacturers, school science lab equipments manufacturer, school science lab equipments supplier, school science lab equipments suppliers.
