## Tuning Fork Set

### Description

---

#### Tuning Fork Set of 8

- Chromium plated steel (specially ment for vibration), plain shank, with frequencies marked.
  - Conical pointed end for accurate and complete transfer of vibration to the experiment base.
  - The frequencies are electronically tested.
  - Packed in set of 8.
  - One each of C-256, D-288, E-320, F-341.3, G-384, A-426.6, B-480, C-512.
  - Steel Tuning Forks are better than Aluminum Tuning Forks, because they vibrate longer due to their heavier mass.
-
