## Co-Ordinate Geo Board

### Description

---

#### Co-Ordinate Geo Board

Our new geoboard is ideal for modeling points, line segments, geometric shapes, functions, and equations in 4 quadrants.

**Features** a 15x15 pin grid and axis lines that can be used to illustrate numbers from -14 to 14 on both the x- and y-axes. Includes 50 pegs and 30 rubber bands.

Geoboards measure 9 1/2" x 9 1/2".
