

Product Code . JL-RE-2060

Horizontal Deep Freezer

Description

Horizontal Deep Freezer

Compact design with large storage capacity

Outer casing is galvanized steel with baked on paint finish for durability

Robust construction and elegant looks

Inner liner is Stainless Steel/Pre coated GI

Higher Capacity System for fast pulls down

High density, environment friendly, polyurethane foam for better insulation

High-pressure injection machine used for efficient insulation

R-134 a refrigerant, chlorine free, environment friendly

Carrier/Kirloskar/Tecumseh compressor

Built in voltage stabilizer with time delay relay

Energy saver compressor-low energy consumption

Longer thaw out time to take care of prolonged periods of failure

60mm thick insulation

Temperature range (ambient to –22oC/-40 oC)

Temperature controlled through solid-state digital temperature controller cum indicator

Horizontal Deep Freezer Manufacturer, Horizontal Deep Freezer Suppliers, Horizontal Deep Freezer India, Horizontal Deep Freezer Exporter, buy Horizontal Deep Freezer, Deep Freezer, Horizontal Deep Freezer, Analytical Research Equipments, buy Horizontal Deep Freezer Online India
