

**Product Code . JL-S-2069**

## Vortex Shaker

### Description

---

Vortex Shaker, Cyclo Mixer, Test Tube Shaker

Useful for accelerated mixing of solutions in test tubes, small flasks or centrifugal tubes etc.

The housing is 150x150 mm.

The speed is regulated by a speed control device.

Short eccentric stroke motor imparts vigorous agitation to the tubes or flasks.

Body is strong and finished in staving enamel paint.

The equipment is workable on 220V AC 50Hz single phase.

**Vortex Shaker Manufacturer, Vortex Shaker Suppliers, Vortex Shaker India, Vortex Shaker Exporter, buy Vortex Shaker, Shaker, Vortex Shaker, Analytical Research Equipments, buy Vortex Shaker Online India**
