

Product Code . JL-DR-2394

Digital Respinometer

Description

Digital Respinometer

Polished Stainless Steel tank, with capacity of 7 manometers a side.

Digital temperature display with resolution of 0.1 deg. C.

Digital Respinometer Manufacturer India, Digital Respinometer Exporters, Laboratory Instruments Digital Respinometer, Spirometer Suppliers, Buy Digital Respinometer Online India, Laboratory Instruments Exporters India, Laboratory Instruments Suppliers, Laboratory Instruments Manufacturer

Temperature control to within ± 0.5 deg. C.

Stainless Steel immersion heater.

Stirrer for uniform temperature.

Manometers mounted on graduated scale for reading pressure changes.

Flask with center well & side flask attached to manometer.

Oscillation of manometer approximately 90 rpm.

Powder coated exterior, with wheels for easy mobility.

Capacity 7 manometers, temperature range of 5 deg.

C above ambient to 60 deg. C.
