

**Product Code . JL-IC-2402**

## Induction Coil

### Description

---

Induction Coil / Interrupters/ Duboi's Raymond induction coil:

On a teak wood base with graduated scale.

Primary coil with 300 turns and Secondary with 7500 turns with Helmholtz modification of neef's hammer and heavy duty platinum contacts.

**Induction Coil Manufacturer India, Induction Coil Exporters, Physics Instruments Induction Coil, Induction Coil Suppliers, Buy Induction Coil, Physics Instruments Exporters India, Physics Instruments Suppliers, Physics Instruments Manufacture**

Student Induction Coil :

On a teak wood base with graduated scale.

Primary coil with 300 turns and secondary with 6500 turns.

Interrupter working directly off the iron core.

Complete with heavy duty contacts.
