Nano Sanitary Napkin Incinerator

Description

Nano Sanitary Napkin Incinerator

We are manufacturer, supplier and exporter of a wide range of Nano Sanitary Napkin Incinerator.

Nano is the smallest Sanitary Napkin Incinerator in India.

Nano Sanitary Napkin Incinerator is an Automatic Sanitary Napkin Destroyer manufactured with a high rate of reliability proven through performance.

It is the best solution for sanitary napkin disposing needs wherein the used napkins are converted into a sterile ash.

It helps to instant disposal of a used napkins in a very Scientific and Hygienic Way.

Having an emission outlet outside the room for the fumes developed during the incineration.

These products are very compact and can be fixed on the wall with easy installation for the convenient use in the Toilets.

For the safety purpose our products consists of ceramic insulation for external thermal protection.

Features:-

Instant disposal of used Napkins in a very scientific and hygienic way
