

Product Code . JL-DE-3575

Dental X-Ray Unit

Description

Dental X-Ray Unit

The dental X-ray package is a true insurance of quality with all the benefits of the Advanced Technocracy Inc.

An extremely high dielectric coefficient is obtained through the use of specially treated oil.

The high voltage transformer comes with the best insulators.

A special expansion chamber compensates for the dilation of the oil caused by heat from the tube.

The protection against leakage radiation is stricter than the strictest international standards.

The hooded tube with grid, compensates for voltage fluctuation.

Input voltage: 230V AC single phase Timer: Electric with digital display of mAs Output: 8 mA - 70 KVP Stand:

Floor model/Wall model-ray tube: 1.5 mm focal Spot Cone Parallel.

Jain Laboratory Instruments Pvt. Ltd,
