

Product Code . JL-SL-4613

Hygrometer Wet and Dry

Description

Hygrometer Wet and Dry

Hygrometer is an instrument used for measuring the amount of humidity in the atmosphere. It has two basic mercury thermometers, comprising of a wet bulb & dry bulb respectively. **Hygrometer Wet and Dry Manufacturer India, Hygrometer Wet and Dry Exporters, Physics Instruments Hygrometer Wet and Dry, Hygrometer Wet and Dry Suppliers, Buy Hygrometer Wet and Dry, Buy Hygrometer Wet and Dry Online India, Didactic, Didactic Physics Instruments, Physics Instruments Exporters India, Physics Instruments Suppliers, Physics Instruments Manufacturer.** Evaporation from the water on the wet bulb drops down the temperature which makes is display, causing it to lower temperature as compared to dry bulb.

Contact JLab Export for your Educational School Science Lab Equipments. We are best scientific laboratory equipments manufacturer, scientific laboratory equipments supplier, technical educational equipment exporter, technical educational equipment manufacturer, technical educational equipment supplier, technical educational equipments exporter.
