

**Product Code . JL-SL-4664**

## Digital Multimeter

### Description

---

#### Digital Multimeter

Standardized Multimeters are suitable for measuring voltage current, resistance and other electrical parameters. The multimeter is made under strict quality control environment to ensure accuracy in each equipment. Compact meter checks continuity of wires, fuses and electrical system components.

Performs measurements of volts, amps, ohms and transistor gain (hFE).

Can be used to test diodes.

Low impedance meter can be used on automotive computer circuits.

Rotary switch.

Overload protection.

Removable leads.

9 volt battery powered.

Specification:

7 functions and 19 ranges

Covers AC/DC voltage, resistance, DC amps, battery, diode & transistor

---

Two 575mm test leads

Diode & fuse protected

Super sensitive meter

**Digital Multimeter Manufacturer India, Digital Multimeter Exporters, Electronics Instruments Digital Multimeter, Digital Multimeter Suppliers, Buy Digital Multimeter, Buy Digital Multimeter Online India, Didactic, Didactic Electronics Instruments, Electronics Instruments Exporters India, Electronics Instruments Suppliers, Electronics Instruments Manufacturer.**

Contact JLab Export for your Educational School Science Lab Equipments. We are best maths lab equipment manufacturers in india, physics lab equipments manufacturers, school educational equipments, school lab equipment manufacturer, school lab equipments manufacturers in india, scientific educational lab equipment.
