Magnifying Sheet

Description

Magnifying Sheet

Full Page Fresnel Lens Magnifier Sheet with Deluxe Vinyl Frame is made of clear PVC Fresnel lens that lets you read an entire page of print with considerable ease.

Designed with a vinyl frame as holder with a hole to hang or clip whenever you need.

The clear magnifier has little distortion and reduces eye strain.

The lightweight PVC gives you no holding fatigue, making it easy to travel with, just slip in a magazine or book without adding extra thickness.
