G.I Test Sieve

Description

G.I Test Sieve

We offer G.I Test Sieve (45 cm) to our clients.

These are used for sieve analysis of coarse aggregate in various laboratories and test environments wherein the most demanding accuracy is required.

It has a clear rigid design of minimum weight and free from corners where the material could be lodged.

We make sure to thoroughly check these on several parameters before dispatching at the client's destination.

Our G.I Test Sieve (45 cm) is recognized for its strength durability and quality.
