Floating Globe

Description

Floating Globe

Floating Globe is an awesome high tech gadget that people of all ages will enjoy.

To have something hovering, levitating, floating and giving the illusion of anti-gravity is extremely nice to look at, and most of all, to have as a decor ornament that goes well with any style of home and office furnishings.

These are made by using supreme quality raw material and latest technology by our experts.

These are obtainable with us in vivid size and shape as per the demand of our customers.

We offer our range at very competitive price to our clients.

Features:-

Use electromagnet and hidden sensor to enable the globe to levitate motionlessly in the air.

Perfect combination of technology and art.

Automatically return to the centre when slightly moved from equilibrium position.

Offer tons of fun and knowledge.

Great for home and office decor.
