

Product Code . JL-GAIE-6898

Turning Genes On and Off

Description

Turning Genes On and Off

Explore how genes respond to their environment Use a safe, commonly found microbe to investigate and predict the effect of temperature on gene regulation and expression.

Further investigations allow students to design their own experiments to identify other variables which may affect gene expression.

Expression of this particular gene is easily recognized by the production of a pigment which turns the bacteria colonies red for a striking visual demonstration of gene manipulation.

Turning Genes On and Off India, Turning Genes On and Off Manufacturer, Biology Lab Equipments, Genetics and Inheritance Equipments, Genetics and Inheritance Equipments Turning Genes On and Off, Turning Genes On and Off Suppliers, Turning Genes On and Off Export, Biology Equipments, Biology Equipments Turning Genes On and Off, Turning Genes On and Off Online, buy Turning Genes On and Off, Turning Genes On and Off Manufacturer, buy Turning Genes On and Off Online India.

Contact JLab Export for your Educational School Science Lab Equipments. We are best school science lab equipment suppliers in india, school science lab equipments exporter, school science lab equipments manufacturers, school science lab equipments manufacturer, school science lab equipments supplier, school science lab equipments suppliers.
