

Product Code . JL-HE-6899

Action Reaction

Description

Action Reaction JLab

Investigate functions of the nervous system with this interactive laboratory activity.

Materials are included allowing students to develop their own personal training programs and to chart the results.

Using a reaction timer, students measure response time to various stimuli including light, sound and touch.

Ultimately, students relate reaction time to general health and mental alertness.

Kit includes: Reaction timer, chart, game board and pieces, pack of activities and Teacher's Guide.
