

Product Code . JL-HBE-7061

Half Size Torso Model With Head

Description

Half Size Torso Model With Head, 8 parts

The detailed, half size 3D rendering of the human torso with its vibrantly colored anatomy is ideal for studying the structure and function of the organs of the human body.

This detailed and vividly colored model provides a visually and kinesthetically effective method for studying the structure and function of the human body.

The model is detailed and provides an excellent overview of the organs in the human torso.

Some of the organs are also dissectable for further study (lungs).
