

Product Code . JL-MSE-7094

## Organic Combo plate Micro science

### Description

---

#### Organic Combo plate Micro science

60-well micro plate used in general micro titration special procedures and hundreds of chemistry, biology and physics education experiments.

This high grade plate is designed to the dimensions of standard 96 well and 48-well plates.

The small wells can be likened to 'micro test tubes' and the large wells to 'micro beakers'.

The polypropylene plates are opaque, resistant to most organic chemicals and autoclavable.

The plate is divided into 2 sections 48 small wells (volume 0.3ml) and 12 large wells (volume approx 2.5ml).

Each well is identified by a grid reference system.

**Organic Combo plate Micro science Manufacturer India, Organic Combo plate Micro science Exporters, Organic Combo plate Micro science, Buy Organic Combo plate Micro science Online India, Organic Combo plate Micro science Suppliers, Didactic, Didactic Organic Combo plate Micro science, Educational Equipment.**
