

Product Code . JL-MSE-7149

Light and Shadows Science Kit

Description

Light and Shadows Science Kit

Activities performed with this kit:

How are shadows formed

How do shadows change throughout the day

Does the Sun shine from the same direction at the same time each day

How do we know the Earth spins on its axis

Which surfaces reflect light the best

Do all materials let light through

What can you see with a mirror

How can a shadow change
