

Product Code . JL-MS-7221

Terylene Model Kit

Description

Terylene Model Kit

The joining pieces are carefully designed to ensure models are firmly constructed so they can be passed around during the lesson without fear of falling apart.

Molecular models help the teacher convey a concrete representation of the molecular world.

The brilliance of the Molymod range is its ease of use and accurate representation in an easily understood way.

They can be used by students at all levels, to represent simple substances right through to more complex structures like Buckminsterfullerene and ionic lattices.

Each kit comes in a durable storage case with compartments for segregation of parts.

The range of models included in the Edu-Lab range is designed to enhance teaching of the UK and US curricula.

These 'original' models have been used by thousands of students worldwide and are renowned for their ease of use.

Excellent quality models produced from precision engineered moulds and materials.

Terylene Model Kit Manufacturer India, Terylene Model Kit Exporters, Terylene Model Kit, Buy Terylene Model Kit Online India, Terylene Model Kit Suppliers, Didactic, Didactic Terylene Model Kit, Educational Equipment.
