Earth Shakes

Description

Earth Shakes JLab

Simulate and demonstrate the power of an earthquake.

They will demonstrate S waves and P waves and will then assume the role of a wave in an earth shake.

Using an interactive approach, students will model a strike-slip fault and see its possible destruction as the plate slips to relieve pressure.

It will be easy for your students to understand the forces that cause earthquakes to occur after they complete the activities in Earth Shakes.

It will be easy to find the perimeter of an earthquake using new understandings to solve the puzzle.
