## Geiger Muller Tube Holder

### Description

---

Geiger Muller Tube Holder

Geiger-Muller Tube Holder, for use with Jlab Scaler Timer.

A 2.2M $\Omega$  stabilizing resistor is internally wired in series with the anode connection.

G.M. tubes available on request.

An aluminum box 58 x 33mm (diameter x depth) which houses the G.M. tube socket.

Connection is through a 1m long co-axial connecting lead, terminated in a standard P.E.T. connector.
