

## Description

---

Micro Voltmeter

### Specification:-

Measurement: 9 ranges, from 100V to  
3V

Input impedance: 10MO per volt,  
maximum 30MO

socket for negative input Power: PP3 9V  
battery

Input: 4mm socket or UHF socket,  
complemented by a 4mm

Height including handle is 187mm.

**Dimensions:-** 208 x 155 x 115mm (W  
x H x D).
