

Product Code . JL-M-7890

## Picoammeter

### Description

---

Picoammeter

#### Specification:-

Measurement: 10 ranges, from 100pA to 3μA.

Input impedance: 10MO.

Input: UHF sockets, complemented by 4mm socket for negative input.

Height including handle is 187mm.

Power: PP3 9V battery.

Input voltage: up to 5KV.

Dimensions: 208 x 155 x 115mm (W x H x D).
