LCD Screen Digital Handheld Microscope

Description

LCD Screen Digital Handheld Microscope

Description:-

JLab LCD Digital Handheld Microscope is the perfect addition for on-the-go observation.

Equipped with a professional microscopic lens, this microscope enables you to easily view tiny objects.

The 3" high quality LCD panel brings vivid crystal clear images.

With 300x optical and 4x digital zoom, magnification ranges from 10x-1200x.

The 8 bright LEDs, with light intensity control, provide the perfect illumination for precise and clear observation while the professional measurement software helps to measure sizes as small as 0.001mm.

An 800mAh rechargeable Li-ion battery provides a 3.5-4 hour standalone working time.
