Human Skull with Markings, Muscles and Sutures

Description

Human Skull with Markings, Muscles and Sutures

Description:-

This 3 part human skull has numerical markings for easy identification of the cranial bones, sutures, and muscles.

The skull cap is magnetic and can be removed for further study of the inner cranial bones.

Features hand-painted sutures in orange, muscle origins in red and insertions are in blue.

The model includes identification key and is made exclusively of medical quality PVC.

The jaw is spring mounted to show the natural movement of the mandible and is detachable for closer investigation.
