## Human Respiratory System with Magnified Alveolus

### Description

---

Human Respiratory System with Magnified Alveolus

#### **Description:-**

The upper respiratory section is medially sectioned to show the interior anatomical details.

This relief model shows the human respiratory system as well as a 150X magnified alveolus with blood vessels.

Both are mounted on a base and made exclusively from high-quality medical PVC.

Regions shown include the oronasal cavity, larynx and trachea, primary bronchi and bronchial tree.
