

Product Code . JL-WEAWLM-8730

High Precision Surface Grinder

Description

High Precision Surface Grinder

Description:-

High Precision Surface Grinders is manufactured from quality tested raw material.

Our high precision surface grinders are stringently checked on all types of quality parameters prior to delivery the customer.

These machines have the ability to work efficiently even in the very low-pressure situation.

Application:-

Automobile Industries

Electronic Industries

Electrical industries

Vertical feed/ crossfeed graduation - 0.01 mm

Crossfeed graduation - 0.05 mm

Spindle speed - 2800 rpm

Working surface of the table - 225 x 450 mm

Maximum height from table to grinding wheel - 275 mm

Size of grinding wheel (Dia x width x bore) - 200 x 13 x 31.75 mm

Electric motor recommended - 0.75 kW- 1 hp

Weight of machine (approx.) - 800 kgs

Contact JLab Export for your Educational School Science Lab Equipments. We are best scientific laboratory equipments manufacturer, scientific laboratory equipments supplier, technical educational equipment exporter, technical educational equipment manufacturer, technical educational equipment supplier, technical educational equipments exporter.
