Anima GPS Devices

Description

Anima GPS Devices

Points of reference:-

Mark and edit waypoints during your outings.

Data fields:-

Personalize on the screen the fields that you really need.

Trackback:-

Retrace your steps, following the track back the other way.

More than 80 alarms:-

Receive alerts when you exceed limits set by yourself.

In the event of an emergency it can last up to 22 hours thanks to its Survival function.

The Anima GPS boasts 12 hours of battery life which can be extended by using a replaceable 1.430 mAh lithium-ion battery or a convenient AA battery accessory.
