

Product Code . JL-PWI-8827

Heavy Duty Bench Vice

Description

Heavy Duty Bench Vice

Description:-

The Faithfull mechanics bench vices are for medium to heavy-duty applications.

They are manufactured from high-quality grey iron castings, which is a material renowned for its immense strength under compression and excellent shock absorbing capacities.

These robust vices are machined to close tolerances and are designed for smooth operation and reliability.

The main spindle is fully enclosed to protect the threads from contamination and damage and the main screw nut and handle are chrome plated for corrosion resistance
