Concepts of Air Pressure Kit

Description

Concepts of Air Pressure Kit

- This educational kit contains materials and instructions suitable for safe hands-on inquiry-based experimentation into the nature and properties of air pressure.
 - This kit is primarily aimed at students in Middle School, but may be used by Elementary or High School students by slightly altering the instructions.
 - This kit may be used by one student, a group of students, or in combination with other kits as full classroom exercise.
 - Instructions are also included for Science Fair activities.
 - **Kit Contents:**
 - 1 Piece - Equilibrium Tubes
 - 1 Piece - Venturi Tube
 - 1 Piece - Spouting Cylinder
 - 1 Piece - Aneroid Barometer
 - 1 Piece - Demonstration Aneroid Barometer
-
