

**Product Code . JL-TWL-9172**

## Projectile Launcher

### Description

---

Projectile Launcher

#### **Description:-**

For exploring the projectile motion and trajectories.

With a release latch that can be adjusted and locked in any desired setting.

Supplied with two drilled balls, attached protractor and plumb bob for determination of the angle of inclination.

Includes a clamp to fasten the apparatus to a table top.

**Fixed Firing Height at Any Launch Angle:** Firing height of the ball is same for any launch angle.

**Multiple Ranges:** JLab offers launchers for all classroom arrangements.

**Flexible Launch Positions:** Stable stands offer horizontal and variable angle launching positions.

**Unique Piston Design:** Minimizes projectile spin to ensure repeatability of impact position.

**Spring Mechanism:** Fully enclosed for safety.
